Leon’s Gourmet Grocer

Ideal Grocery and Market and Leon’s Gourmet Grocer are two of Lincoln’s longest residents on the Lincoln Business scene. Ideal was started in 1920 and Leon’s in 1933.

Both stores continue to thrive by providing legendary customer service and sourcing locally produced products whenever possible. There is never a long wait and you will always be greeted with a warm smile when you shop at either of these locally owned stores. Our employees are both knowledgeable and skilled, always are willing to go the extra mile to help you find what you are looking for.

I joined Buy Fresh Buy Local after visiting the farmers market at Old Cheney. I was shopping for myself but quickly recognized many of my customers amongst the stalls as well. They would ask, “what are you doing here?!” I thought, well they are right! Why can’t I carry these locally produced goodies right in my own store? That following Monday after doing some research I joined BFBLN.

BFBLN and Billene have helped me countless times to build relationships with local producers that continue to this day. Not only do we carry fresh produce, but also eggs, cheeses, meats and any other locally produced products we can get our hands on. I love them and so do our customers.

On Saturday Oct 13 from 10-2 at Ideal we are doing our first ever all NEBRASKA SAMPLE DAY. It will be fantastic to get all these local vendors together under one roof to showcase their products and educate or customers.

THANK YOU BUY FRESH BUY LOCAL!
