Pick-A-Project Announcements

Pick-A-Project and Pick Your Projects both reflect these changes.

For you convenience, any changes made in the Pick-a-Project will also appear on this page. Be sure to check it regularly. In addition to changes, we will also be adding new curricula as it becomes available throughout the year.

New Curriculum!

Robotics

3/19/12

Pick-A-Project Location: Science, Engineering & Technology (page 15)

1. Refer to Pick-A-Project for more details:
   http://4h.unl.edu/c/document_library/get_file?uuid=c5ca3b64-c15d-4135-92e2-190363dcbe30&groupId=635885&.pdf

Description:

A Space for Me!

A Clover Kids Home Environment Project for ages 5 – 8
3/2/12

Pick-A-Project Location: Home Environment (page 9) and Clover Kids (page 16)

1. Refer to the following curriculum home page for more details:
   http://4h.unl.edu/web/4hcurriculum/ASpaceforMeinfo

2. Refer to Pick-A-Project for more details:
   http://4h.unl.edu/c/document_library/get_file?uuid=c5ca3b64-c15d-4135-92e2-190363dcbe30&groupId=635885&.pdf

Description:

4H201 A Space for Me! Helper's Guide (CD-ROM) - $9.95. The Helper's Guide provides details for the various possible projects youth can choose from. Use it as you work with youth and their A Space for Me activity book. School Standards are included.

4H200 A Space for Me - $3.50. The activity book is for youth to use as they work with the project activities. Each page of the youth's activity book corresponds to the Helper's Guide and the multiple activities they can do. Keeping youth healthy and safe while learning and having fun is important. The first part of this Helper's Guide will help you help children to use safe tools, products, and practices.

Section 1 - Hang It, Fold It, Keep Your Space Neat, introduces youth to ways to keep their space or room organized with less clutter while making it easier to find their things.

Section 2 - Save It, Recycle It, Reuse It, the second section, helps youth help the environment by reducing energy and water use and making recycling easier.

Section 3 - Color it, Paint It, Create It, involves youth in experiencing color through mixing and using colors to create items for their space or room, or for others.

LEAP Into Careers!

An activity book to help 3rd - 5th graders explore careers
3/2/12

Pick-A-Project Location: Entrepreneurship (page 10) and Clover Kids (page 16)

1. Refer to the following curriculum home page for more details:
   http://4h.unl.edu/web/4hcurriculum/LEAPintoCareers

2. Refer to Pick-A-Project for more details:
   http://4h.unl.edu/c/document_library/get_file?uuid=c5ca3b64-c15d-4135-92e2-190363dcbe30&groupId=635885&.pdf

Description:

4H2000 LEAP Into Careers - $9.95

The LEAP (Learning Education Action Plan) curriculum was developed to help youth understand various career opportunities in the Nebraska career Education Career Fields and Clusters. It was developed with the Nebraska Department of Education. School standards are included.

Part A - The model upon which the curriculum is based is on page 56. We have included a concrete activity for each of the 12 foundation skills. You will discover and work with skills that will build a strong foundation for any career path.

Part B - Introduction to entrepreneurship is an "umbrella" unit because it can apply to every possible career.

Part C - Students will delve into the Career Fields. For each field, students will explore career opportunities and the skills necessary to be successful in that field. Related 4-H curricula is identified for each of the career fields.

Part D - Preparing to LEAP. Students design a Learning Experiences Action Plan (L.E.A.P.)
