ECAP (ENTREPRENEURIAL COMMUNITY ACTIVATION PROCESS)

We foster innovation across Nebraska by educating, promoting and providing research for exploring entrepreneurial opportunities.

ENTREPRENEURSHIP WILL HELP GROW THE STATE'S ECONOMY DURING A PERIOD OF GLOBALIZATION AND RAPID CHANGE.

- **Do you have a vision for the future?**
- **Do you have a plan for success?**
- **Is change easy for your community?**
- **Do you value innovation and entrepreneurs?**
- **Can your history launch the future?**
- **Is your community digitally connected?**

If you can answer YES to all of the above – congratulations! If not, begin engaging your community with ECAP, a program offered through the UNL Extension eShip team.

Find out about entrepreneurial community characteristics that support innovation and entrepreneurship.
