

Academic Integrity Policy
Department of Biological Systems Engineering

All courses taught by faculty members in the Department of Biological Systems Engineering will include the following academic integrity statement in their syllabi:

“Students are expected to adhere to guidelines concerning academic dishonesty outlined in Section 4.2 of University’s Student Code of Conduct (<http://stuafs.unl.edu/ja/code/>). Students are encouraged to contact the instructor for clarification of these guidelines if they have questions or concerns.”

Grade and Policy Appeals, and Incidents of Academic Dishonesty in Department of Biological Systems Engineering courses are to be handled in the following framework:

Student Appeals of BSE Department Policies and Course Grades:

A student wishing to appeal an AGEN, BSEN, ENSC, MSYM, CASNR or COE policy must first request a decision from his or her academic adviser. If a satisfactory solution is not achieved with the adviser, the student may request a decision from the BSE Department Exceptions Committee and then the Department Head (in that order). If a satisfactory solution is not achieved at the department level, the student may appeal his or her case through the appropriate College Dean’s Office, using that body’s appeal process.

In the event of a dispute involving AGEN, BSEN, ENSC, or MSYM course grades, the student must first appeal to his or her instructor and, failing resolution with the instructor, to the Department Exceptions Committee, and then to the Department Head in writing (in that order). If a satisfactory solution is not achieved at the department level, the student may appeal his or her case through the appropriate College Grade Appeals Committee using that body’s process.

Students appealing either a policy decision or course grade must do so within one semester following the decision or grade.

Academic Dishonesty:

Academic dishonesty can involve cheating; fabrication or falsification of information; plagiarism; destroying, defacing, stealing, or making inaccessible library or other academic resource material; complicity in the academic dishonesty of others; falsifying grade reports; or misrepresenting illness, injury, accident, etc., to avoid or delay an examination or the timely submission of academic work.

Consequences of academic dishonesty in AGEN, BSEN, ENSC, or MSYM courses, depending on the degree of severity as interpreted by an instructor, may range from a warning to assigning an F for the course. The instructor might also choose to assign a zero or partial credit for a specific assignment, quiz, examination or laboratory report in which dishonesty was involved. Before imposing an academic sanction the instructor shall first attempt to discuss the matter with the student. In all cases the instructor must document the instance(s) of student activity which constitutes academic dishonesty. Documentation must be kept by the instructor for a minimum of one year and must be made available to appropriate department, college, and UNL authorities if cases of academic dishonesty result in disciplinary hearings and/or appeals at the those levels. When an academic sanction is imposed that causes a student to receive a lowered course grade, the

instructor shall make a report in writing of the facts of the case, and of the academic sanction imposed against the student, to the BSE Department Head and, if necessary to the UNL Director of Student Judicial Affairs. The student shall be provided with a copy of this report. Further, the instructor may recommend the institution of CASNR, COE, or UNL disciplinary proceedings against the student for violation of the Student Code of Conduct if the instructor, in the exercise of his or her professional judgment, believes that such action is warranted.

If a student facing sanctions due to academic dishonesty in a BSE Department course wishes to appeal such a sanction, the following process must be followed. First is an appeal to the chief instructor of the course. Failing this appeal, next is an appeal (in writing) to the Department Exceptions Committee, then to the Department Head (in that order). If a satisfactory solution is not achieved at the department level, the student may then appeal through the appropriate CASNR, COE, or UNL appeal process, subject to the process and requirements of those bodies.

Approved by BSE Curriculum Committee – 3/25/2013

Approved by BSE Faculty – 4/18/2013
