**Cow Burger**

Must purchase Ten or more one pound tubes @ \$5 per lb. This will be a ground beef product from older animals. This will be a seasonal option in both grass-fed or corn fed. This is what our family eats all the time. It does not mean that it is a poorer grade of ground beef or it lacks quality. What it does mean is that we can pass some savings onto our customers if we use these animals. If you want to order some please order Cow burger.

**North Star Neighbors Standards**

We do not use any antibiotics of any kind in animals sold through North Star Neighbors.

We do not use any artificial growth stimulants.

Animals are not confined and are allowed access to grass as much as possible

We do not feed any GMO planted crops.

We do not feed any animal by-products.

**This is how we get an order to our customers.**

1. Place your order by email [northstar@hamilton.net](mailto:northstar@hamilton.net) or phone [1-877-617-2333](tel:1-877-617-2333)
2. Our products have random weights. We will package your orders, calculate the weights and get back to you with the total costs of your orders.
3. We deliver right to your home or work or where ever you prefer. We will let you know the day we deliver and an approximate time of day. If you can not be home at the time of delivery, most people just leave a cooler out where I can place their order in it for safe storage. Many customers just leave a check in the cooler or send us one by mail.

**A Home Delivery charge is \$7**

*If you have any questions about our products, please feel free you contact us any time.*
